Animal Range

Our increasingly popular animal range has now expanded to include Junior Plates and Double Handed Cups.

Made out of extremely durable melamine, they are chip resistant and dishwasher safe. They are available in four fun designs and are perfect for use in nursery schools, pubs, restaurants, leisure centres and playgroups.

The junior plate is designed for 3-8 year olds and has a non slip ring on the bottom preventing little mishaps. The double handed cup is aimed at babies from 6 months to 2 years and is great for weaning off of bottles.

Animal Range

Whilst Dalebrook's Animal Range is great for catering it also has enormous appeal for the retail sector attracting both adults and kids alike.

We have blister packs which are ideal for gift shops and catering facilities or we have shelf ready packaging perfect for larger stores and supermarkets.

Contact the sales department for more information on our animal range and retail packaging.
