

Shapes

We have now introduced more bowls to our product range we have introduced new shapes that offer a unique way of presenting your food.

Included in these new products are our leaf bowls; available in three sizes there are endless applications for these. Why not use the smallest bowl for serving sauces as a stylish alternative to our ramekins.

Our wavy bowl is perfect for using as a centre piece in a display, it offers a creative and eye catching way of presenting your food.

All of these products are made out of melamine, which is a durable and light weight alternative to ceramic.

Shapes

We have a variety of shapes which offer a great choice in presenting foods. Dalebrook woks have an oriental feel and are great for serving noodles and rice. Our leaf platter is ideal for serving fruit on.

Clam shells have various applications use them to display food in a fishmongers, serve desserts in a restaurant or even present toiletries in a hotel.

Another option for presenting your food is our hexagonal dishes; available with lids they maintain the freshness of food. They have a specially designed cut out for utensils which makes them extremely convenient.
